## THIS LOOKS BAD.

The Starving Strikers at Uniontown Bent on Bloodshed.

PITTSBURG, Pa., April 2.-At many of the coke works at Uniontown today, the men went to go to work, but have been prevented by the strikers. At the Oliver works, the miners refused to draw the coke but went out leaving about 1,500 tons of coke burning in the ovens. The company attempted then to draw it but they were driven off with stones and clubs.

The company appealed to the sheriff for protection, and a fight is expected as soon as deputies are placed in charge of the plant. The men are mostly foreigners, and on account of their starving condition have become furious.

While the strike is not general, the men are being reinforced every hour, and within twenty-four hours, it is predicted not a plant in the region will be in operation. The situation is serious, and fears are expressed on every hand.

The strikers are determined to bring all the men out and disastrous rioting is feared if they refuse to obey. The leaders say the strike is a much greater success than they had anticipated, and that the entire region will be idle before the end of the week unless the operators surrender.

On the other hand, the manufacturers say they will operate their plants under the protection of the sheriff with the men who wish to work.

## JOY-O'NEILL CASE STILL UP.

Flagrant Violations of Rule Governing Votes Alleged.

WASHINGTON, April 2.-The struggle over the O'Neill-Joy contested election case was resumed today.

Mr. Reed initiated the case on Friday the speaker had overlooked flagrant violations of the rule governing votes under the roll call. Democrats lacked twenty of a quorum today.

## VOTING ON A STRIKE.

Employees of the Chicago & Eastern Illinois Have Taken a Vote.

TERRE HAUTE, Ind., April 2.-Frank P. Sargent, grand master of the Brotherhood of Locomotive firemen, was called to Chicago today by a message announcing the completion of the vote of the Chicago & Eastern Illinois employees on the proposition of the company. The result will not be known until it is submitted to the chiefs.

A two-thirds majority is necessary to order a strike and such result is hardly anticipated.

## Cut the Naval Bill.

WASHINGTON, April 2.-A cut of \$3,000,000 has been agreed by the house committee on naval affairs on the item for armor plate and armament in the naval appropriation bill. The navy department estimate was \$6,500,000.

## MARRIED THE WRONG MAN.

A Story of Deception Equal to a Wilkie Collins Novel.

PATERSON, N. J., April 2.-John Martin, a well-to-do contractor of this city, met Annie Vandorn of Passaic, in 1892 and in less than a month they were engaged. Martin betrayed the young woman's confidence and put off the marriage until the birth of their child, when he promised to right the wrong he had done.

When they talked over the wedding Martin said he would live his cousin John Duncan of Brooklyn, as his best man. The next night he visited the home of the Rev. George M. Dorwart, rector of the Church of the Holy Communion, and arranged for the wedding to take place on the following night.

This way brought Duncan from Brooklyn. The cousins resemble each other in height and features. When they got together, there is reason to believe Martin told Duncan of his love episode and said it was his desire to get rid of the woman, but how should he do it?

Duncan said he would marry her himself. "Sure, she'll not know the difference, as we look so much alike," he added, "and I can assume any name but my own." It was agreed that Duncan should be the groom and that they should drug the bride, at least that is an apparently well founded rumor.

That night they set out from this city for Passaic in a coach and got Miss Vandorn. On
